

## Voluntary Roles

As we enter a key phase of the Abbasi Islamic Centre Project we are looking for individuals to join the Project Team in the following roles;

### **Project Co-ordinator**

We are looking for a positive and proactive individual to support the Project Chair in the smooth running of the project. This will require the design and maintenance of documentation that will record activities, communicate widely and report intelligently, at times within tight deadlines and at short notice.

### **Marketing Manager**

We are looking for a creative and pro-active individual to develop and oversee a marketing plan that helps to raise awareness that helps to generate donations from both within the Birmingham community as well as being able to reach a global audience.

### **IT Systems Analyst**

We are looking for an individual with a background in IT and Software to create and manage a system or systems to actively monitor fundraising progress

### **Audio Visual Engineer**

We are looking for a competent and pro-active individual with an active interest and understanding of AV technologies to oversee the design, sourcing and installation of the AV system

### **Energy Engineer**

We are looking for a competent and pro-active individual with a good underpinning technical knowledge of energy systems to find efficient, clean and innovative ways to harness and use energy in the centre.

### **Interior Design**

We are looking for an artistic and pro-active individual to use their sense of style, to develop designs and create spaces that look great and are aesthetically pleasing.

In order to express your interest, please fill in this form. <https://goo.gl/forms/oJBKt0RMoyTHQdr02>
